

## Scaffolding - Capabilities

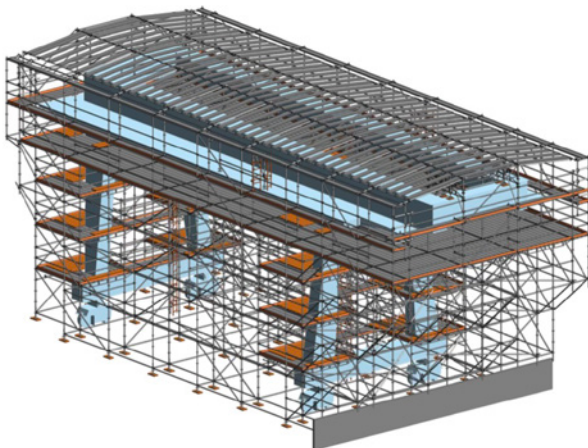

### Safe & Reliable Scaffolding

Serving the Southwest US – Revolution Industrial (RI) is the one-stop shop for all your scaffolding needs in Arizona and beyond. We provide safe, high-quality scaffolding solutions for industrial, commercial and engineering projects of all sizes and complexities.

**Advanced Design and Engineering:** We utilize ScaffPlan software to create detailed and accurate 3D models of your required scaffolding structure. This ensures a perfect fit for your project and minimizes errors during construction.

**RingLock System Scaffolding:** We use the industry-leading RingLock system, known for its strength, versatility, and ease of assembly, ensuring a safe work environment for your crew. Our Ringlock scaffolding is appropriate for any construction project needing safe access for a wide range of construction projects.

**Southwest US Coverage:** No project is too far! We are happy to travel and set up scaffolding anywhere in the Southwest US.

**Qualified Erectors:** We prioritize safety. Each scaffold system is erected by a qualified and competent team, as mandated by OSHA.

**Spanish Language Support:** Hablamos español! We understand the importance of clear communication and can assist you in Spanish throughout the entire process.

## Expedited Scaffolding Service

We know that construction projects don't always go according to plan and unexpected situations can arise that require immediate scaffolding solutions. Here's how we can help:

**Rapid Response:** We prioritize emergency requests. Our team is on standby to respond quickly to your urgent scaffolding needs.

**Fast Mobilization:** Once we understand your requirements, we will immediately mobilize our crew and resources to get the scaffolding delivered and erected as quickly and safely as possible.

**Flexible Solutions:** We have a wide range of scaffolding materials readily available to meet your specific needs, regardless of the complexity of the requirements.

**Safety First:** Even in an emergency, safety remains our top priority. Our experienced crew will follow all OSHA regulations while ensuring a swift and efficient installation.

When you partner with Revolution Industrial for your scaffolding needs, you can rest assured that we will get your project back on track quickly and safely, minimizing downtime and keeping your project moving forward.

## Scaffolding Project Expertise

Revolution Industrial is proud of our expertise, trained staff and huge inventory of RingLock scaffolding system components. We can provide scaffolding, installation and inspections for applications needing simple access as well as complex projects where angular flexibility and complex scaffolding configuration are required.

## Streamlined Scaffolding Process

**Step 1:** Contact RI by phone or email.

**Step 2:** A qualified project manager will visit your site to assess your needs.

**Step 3:** We utilize ScaffPlan software to create a customized 3D model and a detailed proposal for your project.

**Step 4:** Upon approval, our experienced crew will erect the scaffolding in compliance with OSHA standards.

Revolution Industrial isn't just a contracting firm; we're your one-stop shop for industrial projects throughout Arizona. Our team includes AISC-endorsed fabricators and NACE-certified coating specialists, allowing us to deliver comprehensive solutions – from managing the entire construction process to providing high-performance industrial coatings.
